ABOUT MINTABLE

Mintable is a next-generation non-fungible token (NFT) marketplace built on the Ethereum & Zilliqa blockchain. Launched in 2018, Mintable has pushed the NFT industry forward by being the first to design gasless minting, batch minting, and royalties, empowering artists and creators to monetize their work via NFTs. Mintable's gas-free minting option allows the everyday person to get involved with NFTs without any prior knowledge in coding or upfront cost of minting an asset – a great way for everyone to get into crypto. In 2021, Mintable announced the backing of a list of high-caliber investors including renowned venture capitalist and television personality, Mark Cuban, Sound Ventures, a venture capital firm founded by and Ashton Kutcher and Guy Oseary, and TIME Ventures, the investment fund for Marc Benioff. To date, Mintable has sold and auctioned works by Grammy-Award-winning artists, 20th-century avant-garde artists, and various high-profile artists and celebrities.
