Long Island, New York Jan 31, 2022 ([IssueWire.com](https://www.IssueWire.com)) - Meet David, entrepreneur, high school senior, and athlete.

David is a high school senior who has started his own LLC, a brand of protein products, and energy supplements. Even though he started this brand to build funds to help pay for college expenses. He now has some bigger missions to achieve with this brand.

David is just hoping to join college very soon as the second person from his family generation to start a four-year university.

David took the inspiration of products for his LLC and brand from his own day-to-day routine. As David is a high school athlete, he recognized that he used protein products regularly.

The reason behind the name of the brand is much more meaningful to him. David wanted to start his own brand that can promote power simultaneously.

For him, P.O.W.E.R stands for persistence, optimism, wisdom, endurance, and respect. All of these attributes are essential to his everyday life.

David started using his allowance in 2020 to purchase stocks. With a pandemic going on and nowhere to go looking fresh and fly he shifted his priorities from Jordan's to stocks. In May 2021 he used the profits that he made from tesla stocks to start and grow his own brand of POWER products.

His mission is to promote power as well as the fact that you can achieve anything if you have the right mindset, P.O.W.E.R (Persistence, Optimism, Wisdom, Endurance, and Respect).

POWER Boost is currently sold at Milano Bean Cafe in East Islip, Gio's Pizza in East Islip, and 168 Deli in Lindenhurst. #PROMOTEPower
