

Imad Khaled, MD, FACC, a Cardiologist with HonorHealth Heart Group – Shea

Get to know Cardiologist Dr. Imad Khaled, who serves patients in Scottsdale, Arizona.

New York City, New York Jan 31, 2022 ([Issuewire.com](https://www.issuewire.com)) - A board-certified cardiologist, Dr. Khaled is affiliated with HonorHealth Heart Group - Shea in Scottsdale, Arizona. He combines the latest state-of-the-art advances in cardiovascular disease with an individualized approach, paying close attention to each detail for his patients. He is committed to following the highest standards of medical ethics.

Focusing on respect, honor, care, and humility, the doctor treats his patients like family members. He respects their wishes and decisions and is passionate about helping them achieve the best quality of life possible.

The board-certified cardiologists at HonorHealth Heart Group - Shea specialize in cardiac and peripheral vascular disease treatment and care. Patients benefit from a wide range of services and the latest technologies in the medical management of cardiac disease, diagnostic cardiac examination, cardiovascular intervention, and surgical procedures. Cardiologists have the tools to support and educate patients at every stage of their heart health journey.

Graduating with his medical degree from the American University of the Caribbean, Dr. Khaled went on to complete his residency in internal medicine at Saint Michael's Medical Center, and his fellowship in cardiovascular disease at the Seton Hall University - Hackensack Meridian School of Medicine.

Distinguished as a Fellow of the American College of Cardiology (FACC), the doctor is board-certified in cardiovascular disease and internal medicine by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

Cardiology is a branch of medicine that deals with disorders of the heart, as well as some parts of the circulatory system. The field includes medical diagnosis and treatment of congenital heart defects, coronary artery disease, heart failure, valvular heart disease, and electrophysiology. Cardiologists are doctors who diagnose, assess, and treat patients with diseases and defects of the heart and blood vessels (the cardiovascular system).

In his free time, Dr. Khaled enjoys fishing, organic gardening, and tennis.
