

Leawo Launched Windows 11 Compatible Blu-ray Player 3.0.0.0 - New Looking & More Features

Leawo software has released Blu-ray Player 3.0.0.0 version. Updated Leawo Blu-ray Player is now compatible with Windows 11 and it introduces a range of improvements on both features and interface.

Shenzhen, Guangdong Jan 25, 2022 ([Issuewire.com](https://www.issuewire.com)) - Jan. 25th, 2022 – Leawo Software Co., Ltd., a professional multimedia solution provider and an award-winning video/audio converting software supplier, has launched an updated Blu-ray Player recently. As the [best alternative to Windows Media Player](#), it is able to play almost all videos or movies smoothly. [Leawo Blu-ray Player](#) is a popular product loved by millions of customers, and now this beloved player is with a brand-new interface and additional features. All these are for a better user experience.

Leawo Blu-ray Player is the best free 4K UHD Blu-ray/DVD/4K HD video player in the world! With advanced image and audio processing technology, Leawo Free Blu-ray Player software delivers a superb movie experience, offering people cinema-like enjoyment on the home theatre system. What's more, it is also the [best free MKV player](#) with an additional feature to convert Blu-ray/ DVD to MKV. This time, Leawo Software has combined feedback and requests from customers and launched a brand-new Leawo Blu-ray Player.

Details of the update will be introduced below:

- **Compatible with Windows 11 Operating System.** A new Windows system was released and free for users to get. However, many users of Blu-ray Player found that it will be choppy or crash when running in Windows 11. Leawo's team pays much attention to this issue and finally makes it function well in the latest Windows system.
- **Dark/ Light Mode.** Dark mode may work to decrease eye strain and dry eye for some people who spend a lot of time staring at screens. To protect users' eyes, Leawo thoughtfully added this feature.
- **Selectable Playback Speed.** There is a video speed controller panel for users to adjust playback speed as they like within 2x speed(0.25x, 0.5x, 0.75x, 1.25x, 1.5x).
- **Customized Hotkey.** People can add a hotkey to a certain command at will, which can greatly improve the convenience of operation. Click the Shortcut key box and enter a letter there to set up the new hotkey in the settings panel.
- **Multiple Title(s) for MKV Output.** In the earlier version, users can only select and convert one single title to an MKV file. Now, they can choose multiple title(s) for conversion output.
- **Optimized Settings Panel Structure.** Apart from the changes above, Leawo also optimized the settings panel structure and add more features on Blu-ray Player. This modification offers customers with a tiny and convenient interface.
- **Bugs Fixing.** In this update, more than 195 bugs were found and all of them were well fixed providing a better media playback experience.

Leawo Software is trying to do its best to improve its product to meet the need of customers and appreciates any valuable suggestion about Leawo Software. To give back to all beloved users, Leawo Software recently launched the [2022 Valentine's Day Promotion](#), offering up to a 91% discount for their hot-selling products and freebie.
