A licensed vocational nurse (LVN) is a job title specific to Texas and California. LVNs are known as licensed practical nurses (LPNs) in all other states. LVNs and LPNs work under the supervision of registered nurses (RNs) and physicians, providing basic bedside care to patients.

LVNs are typically responsible for monitoring patients' vital signs, including their blood pressure, pulse, respiration, temperature, height, and weight. Other tasks that LVNs are responsible for include giving injections, recording intake and output of foods and fluids, collecting samples for testing, maintaining equipment, and dressing wounds - among others.
