

Local Connecticut Startup: Brandkandy - Launches an all-in-one suite that makes life easier for small businesses owners.

Bridgeport Connecticut Startup Launches their online brand management platform.

Bridgeport, Connecticut Jan 19, 2022 ([Issuewire.com](https://www.issuewire.com)) - A local Connecticut startup - Brandkandy, launches an all-in-one platform that makes branding and business management easier for small business owners, entrepreneurs, and any type of creative.

Founded in 2020, The Brandkandy platform consists of an all-in-one suite of tools that make it easier for small business owners to easily create and manage their brand. An AI Logo designer that gives a small business all the brand identity to a seamless website cms platform that is bundled together with an eCommerce store, Contact relationship manager (CRM), a place to see all booked appointments, and even email marketing along with automation.

“Brandkandy is a great platform with many integrations! I appreciate that if I ever have any questions or concerns they are addressed in a timely manner! My website was redone and customized to my needs and I am pleased! I definitely recommend it!” - Evelyn B ([source](#))

"After the beginning of the pandemic, we've seen more and more businesses surface online but still, many businesses are still struggling to get affordable websites that are easy to manage after the project is complete. We've put together an easy solution for business owners to build something beautiful for their brand really fast while giving them a 14-day free trial to get set up and started with the platform" says CEO & Founder, Dai Dixon.

“The survey polled 1,250 small-retail-business owners in the United States and found that an amazing 23% of them still don't have a website. This is despite the fact that the pandemic forced much of their

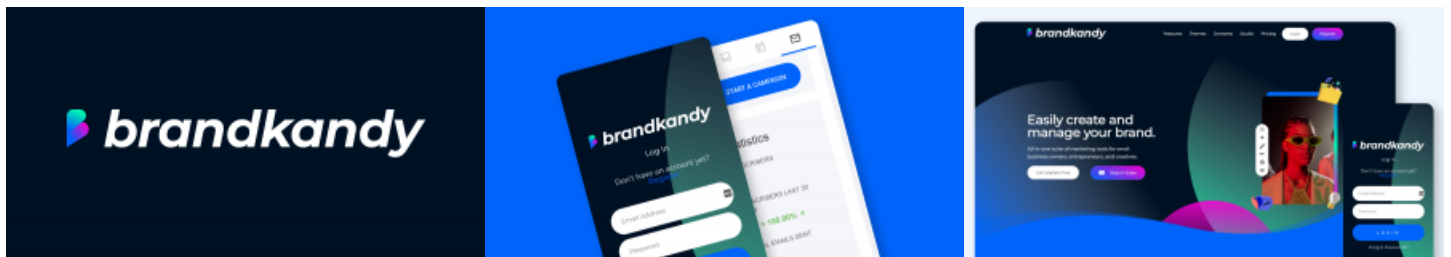

brick-and-mortar competition to close.” - PCMAG, Sep 7, 2021, | <http://rb.gy/nqdupe>

"Your brand is more than just a logo, it's your message, so tell the world your story!" The company started in its recent online commercial -
