

NEW LAUNCHING: SuiteCRM Email Drip Campaign (Premium)

Indianapolis, Indiana Jan 18, 2022 (Issuewire.com) - Yesterday we have Launched a New Premium Product for every CRM (Customer Relationship Management) Business. The Product is SuiteCRM Email Drip Campaign (Premium) that enables users to set a drip campaign series and it will be delivered to your leads at predefined timing. Your leads will receive accurate messages at an accurate time as per the Record status. The reason behind launching this plugin is it delivers the drip mails automatically without your effort. We have launched this Plugin for every version of SuiteCRM software. Also, a user can seek the chance of a 3 Days Risk-Free Trial.

“Lucrative Extensions of CRM is a Fuel that keeps your Business running worldwide. [Email Drip Campaign](#) is Unrivald and can chop down your hours spent sending drip emails”

This extension will start sharing Drip emails to the leads when the Record status gets changed. It will be delivered at the time you set. Only the admin can send drip emails? Not at all! Your Business team too can deliver emails to valuable leads. Your business can choose multiple email senders here. Let us inform you about Drip Email Dashboard: it allows users to choose a field and module to schedule a drip. And when using this add-on, you will love to see “Add to Drip”. The role of this feature is to add any person to your drip. Worthy! How will you know the Actions of your Recipients? For this, we are providing the Recipient Activity Dashboard. It enables your team to gauge total impressions, total clicks, and the list goes on. A user can even go for Drip Controller and it lets you set the time span and you can choose email templates too.
