

Satvi wellness presenting 100% Chemical free incense Sticks

Satvi wellness, inspired by Ayurveda, Launching Pavana Dhoop Sticks made out of natural materials

Thrissur, Kerala Jan 21, 2022 ([Issuewire.com](https://www.issuewire.com)) - Satvi wellness, an herbal product manufacturer from Kerala launched a variety of [herbal droop sticks](#). Dhoopana, fumigation is one of the methods mentioned in Ayurveda to minimize the microorganism clustering in the atmosphere. By adopting this concept Ayurveda doctors of Satvi developed a variety of fumigation formulas. To keep it more user-friendly, team Satvi transformed these herbal combinations to stick form which complemented these exotic combinations enjoyable to all communities anywhere any time. In other words effective conventional practice at convenience. In the current scenario, the practice of regular fumigation in our active spaces is highly relevant. Satvi is bringing 100% [chemical-free and natural dhoop sticks](#) to make it Ecco-friendly. These dhoop sticks emit comparatively fewer fumes and subtle fragrance of the herbs.

Satvi Pavana dhoop sticks have single herb-based as well as a combination of multiple natural ingredients. Some of the single ingredient sticks are lavender, vetiver, cinnamon, basil, cedarwood, frankincense. A variety of Combinations is available prepared out of neem, thulasi, lemongrass, turmeric, cinnamon, etc. Aparajitha incense sticks, the stick form of Ayurvedic fumigation powder are also available at Satvi. Though all Pavana dhoop sticks the formations has an impact to control mosquito, Satvi has a specially formulated [herbal mosquito control incense stick](#). Satvi always trying to minimize the use of charcoal in the products, meantime is producing [charcoal-free incense sticks](#) also.
