

Spidervella Technologies®: An Awarded Ed-Tech Organisation To Build The Bridge Between Industry And Institution

Spidervella Technologies organizes Talent Hunt Exam for students to provide them a better future with Industrial Expertise Training.

Bengaluru, Karnataka Jan 25, 2022 ([Issuewire.com](https://www.issuewire.com)) - Spidervella Technologies Pvt. Ltd. (Building Futuristic Techno Minds) is an Awarded Ed-Tech company, leading in IT training, enterprise learning services, IT Infrastructure Solutions, Cyber Security, and Web Development solutions for information technology (IT) for job-seeking professionals.

Spidervella Technologies when started was a big risk to take for the team, as there are many Ed-Tech companies in the world that are doing the same. But the Vision of Spidervella was different, they were heading towards filling the gaps between industry and institutions.

They were planning to create their own program where they will create their own technology products rather than using them from others. This was a big step and a big risk, but the team did it successfully and got the award for -

Best Ed-Tech Enterprise in India.

Best IT Company Of The Year.

By providing IT Training, Corporate Training, IoT Solutions, Web Development, and Cybersecurity Solutions they prepare their customers to compete at national and international levels. Information and communication technologies are their prime focus.

Mr. Akash Shrivastava (Managing Director) is an Ethical Hacker and an entrepreneur, having years of experience in different tech domains. His vision to change the educational system has motivated him to run an Ed-Tech company where candidates can be trained on innovative technologies and also bridge the gap between educational institutions and industries. Mr. Shrivastava took the initiative by starting Hackersvella Program to create a cyber-army in India where digital information can be protected.

Talent Hunt Exam: Spidervella Technologies organizes Talent Hunt Exam all over India for all students to nurture them and provide them Industrial Expertise Technical Skills, which will grow their career. All Students – 12th Passed, Tech Graduates (B-Tech, BE, BCA, BSC-IT), Non-Tech Graduates (BA, BCOM, BSC, BBA) & Diploma Holders can apply for this Talent Hunt Exam. According to their performance, Spidervella will provide them Scholarships for their Expertise Technical Training Program and place them in Industry. #TalentHuntExam is the best way to get quality Training and a Successful Career. Hackersvella: In the future, we are going to get our enemies in the form of Digital attacks. For that only #Spidervella brings #Hackersvella in India to develop IWF (Indian Web Force).

A Journey From a Noob To Become an Expert: it's a year's full-fledged training program which is one of India's Biggest Bug Bounty Training and equips the candidates to secure the digital information by finding the bugs and flaws in Network, Web applications, Mobile Apps and security reports.

Hackersvella's candidates emerge as cyber-security teams who work together to secure the digitals and defend the organizations from cyber-attacks.

SpiderMation- Spidervella offers career and professional training in areas including animation, VFX, gaming, web designing, graphic designing, UI-UX, digital advertising, marketing, and multimedia. #SpiderMation is designed to transform students into successfully creating professionals.
