

## The Era Of Rapyder- The High-Growth Cloud Startup Celebrates Its 5th Anniversary This Month.

Looks forward to strengthening its capabilities and global reach in digital transformation and managed cloud services markets

**Bengaluru, Karnataka Feb 2, 2022 ([Issuewire.com](https://www.issuewire.com))** - Rapyder, a leading Cloud consulting partner, celebrates its 5th Anniversary on 2nd February 2022. Two Cloud enthusiasts founded Rapyder, Mr. Amit Gupta and Mr. Athreya Ramadas, to make Cloud for all. In just a few years, Rapyder has grown from a small startup with just five employees to a premier Cloud service provider with a total of more than 175+ headcounts.

This startup's 'customer-first' culture, cloud-centric approach, and well-organized leadership team have transformed into a "double-digit" growth company. Rapyder achieved numerous milestones and accomplishments in its five-year journey, including **3 AWS competencies, nine service deliveries programs**, and two new service offerings. In addition, it is honored with "AWS Consulting Partner of the year – 2021" at the AWS partner summit Award – 2021. The award highlights Rapyder's focus on helping customers achieve success through services like Cloud Migration, DevOps, AI/ML, and Managed Services, in line with the organization's vision of becoming the highest-rated Cloud Consulting organization catering to end requirements of the businesses on a global scale.

Since the beginning of its operations, Rapyder has served around 270+ customers and has 125+ Managed service clients. In addition, it has a record of having more than 4000+ VMs Launched & Migrated and provides 99% on-time completion. These achievements demonstrate Rapyder's innovative thinking, providing better customer service, extensive experience in delivering best-in-class Cloud solutions to its customers.

Speaking about this Journey, Amit Gupta, CEO, and Co-founder of Rapyder, said, “***I take pride in what we have been able to accomplish over the last five years. Rapyder works with a clear vision to help enterprise accelerate their Cloud transformative journeys.***” He further adds, saying that “***It’s still day one at Rapyder for all of us and have a long way to travel in coming years.***”
