Beech Grove, Indiana Jan 11, 2022 ([Issuewire.com](https://www.issuewire.com)) - The extremely talented singer and songwriter **Kasper** is only 23 years old, a Chicano musician from the United States. He has been making music from an even younger age. He has been completely dedicated and passionate about his work. Since he has been trying to make his first song 'Monon City', he didn't have the privilege to use recording studios to make his songs. He used his phone and Bluetooth speakers to record the songs. He has been making all of his songs in the same way since then. Having no support from the music industry he will carve his way as he has the potential to make it big in this music industry.

The new song he released '[Icely Thoughts](#)' is one of his masterpieces that will stay with audiences for a long time. He has been fighting hard while making his tracks. Just like him, his musical pieces have that honesty. **Kasper** is ambitious and his songs also have the potential to reach a larger scale of audience. The hardship he has witnessed in the initial days of his career will forge a more mature a powerful singer of the future. His form of art completely deserves more exposure. The taste of his music is fresh and has

a vibe that will be collected and coined by many. His truthful accent is very inspiring and will stay relevant with the passing time as well.

The song '**Icey Thoughts**' has been released in an audio-visual form. The video is organic and the audio is brilliantly executed with little equipment. He is a well-skilled musician who has gathered a huge amount of respect already by performing his arts. His audience will wait to have more brilliantly composed numbers in the future as well. And his waited big events have also been planned on 3/7/22 with the celebrated show Coast to Coast. And evidently, his musical career will have the initial boost with this upcoming show. He already released many songs 'Life Story', 'Orlando Serna', 'Dear Dad', 'Standing My Ground', and 'Suicide Note' etc, several well-composed tracks.
