This beautiful smile business opportunity comes up with the Difresh vending machines. If you are a small-scale businessman then you may invest your time in cardboard displays distribution for shops, hotels, and stores. And if you want to invest at the medium or corporate level you can go for vending machines installations.

About The Vending Machine - Built & Features

The Difresh vending machines have been made from galvanized steel. They are well-designed with eye-captivating and beautiful designs from epoxy resin paints. It has an inox steel-made tubular lock with a

special key to open. There are single and double channels in a vending machine. A single channel machine has 100 toothbrush kits and a double channel machine has 200 Toothbrush kits.

Every toothbrush kit has a mini tube of DIFRESH toothpaste (come up with 10 different colors) and a pharmaceutical toothbrush. The toothpaste can be used 3 to 4 times and the toothbrush may be used for the next 3 months even at home. The toothbrush kits have active ingredients of white-teeth formula with pleasant mint flavor.

Everyone may come and get the dispensed kit by using any type of coin in the world. Its coin mechanism is quite simple and suitable for everyone. 1 to 3 coins are needed per product dispensed. You can get your customized logo printed on the toothbrushes.

Amazingly, DIFRESH ensures you a factor guarantee for a lifetime; it means you can get any spare part replaced in no time by them for free of cost and for a lifetime. Yes, you got it right. It is free and for a lifetime.

What Can You Offer In The Vending Machine?

You can offer beautiful, low-priced toothbrush kits to your consumers in your vending machine. The toothbrush kits are very lightweight and compact packages of 1 mini toothpaste tube and 1 toothbrush. You can offer them 10 colors for the toothpaste, which has a pleasant mint flavor with teeth-whitening formula.

Where Can You Place It For Sales?

You can showcase the cardboard displays of these toothbrush kits on various public points like;

- Pharmacies
- Shops
- Offices cafeterias
- Parking
- Canteens of educational institutions.

These cardboard displays have 50 toothbrush kits to display; which is very easy for the shopkeepers to place alongside their normal course of business.

If you want to invest in bigger concerns; you can commercially install Difresh vending machines for toothbrush kits. You can commercially place them on;

- Airports,
- Bus and trains stations,
- Shopping malls,
- Washrooms in offices and hotels,
- The large parking of malls,
- Petrol stations,
- Rest areas on the brinks of motorways
- Clinics and hospitals
- Restaurants and food points
- Auto workshops
- Sports facilities points like bowling alleys

- Gyms and fitness centers

These vending machines can easily be deployed in washrooms or a hygienic place; especially where the soap dispenser or hand dryer machines are placed. As every time a person visits such places and gets the kit, you will have sales.

You can offer these services for free to the managers or relevant persons for the above public and private installations. If they are interested in a commission then you can offer 20% commission to them and get your 80%, which is even profitable as you may catch their clientele.

The Benefits of Commercial Installations

There are many benefits for the commercial installments of these vending machines for the place owner, for you, and for the final consumer as well.

- The place owners or the managers will get a rise in their goodwill that they are facilitating on-spot hygienic and smile beautification services for their clientele.
- Many of them will be interested in free-of-cost installation (They will charge for nothing). If they charge 20% even this is profitable for you.
- The final consumer will get a beautiful toothbrush kit with a toothbrush of 3 months living at a very economical price, which can be used later at home as well.
- It will help in developing tooth brushing habits in public and spreading beautiful smiles.

Why Should You Get This Opportunity?

You should get this opportunity because it is highly profitable for you. Just have a gentle look at the benefits as follows.

- First of all, tooth brushing is the need of almost every person, irrespective of gender, nationality, the currency they have, ages they are old. Every person may be your final consumer.
- We offer vending machines at a very economical rate from our factory. Even if you are a small level businessman, you can easily manage to buy it. No doubt we are not making much on these rates, but we want to support you for your business and expand distribution.
- These vending machines have a very low operational cost. As it is a compact package, there will be no operational costs like cleaning, water, disinfecting, electricity, etc. So, as a corporate businessman, you can achieve economies of scale.
- You can keep it as customized as you can. Both toothpaste and toothbrush are customizable. The toothpaste is available in 10 different colors, and all of these colors are dispensed at the time of order (of your consumer's choice) and the toothbrush can be customized with your personal or corporate logo.
- We assure you that you may get a 400% profit per sale. You will easily get your investment amount back in just 2 or 3 months.
- A single channel vending machine is able to dispense 100 toothbrush kits and a double channel vending machine may dispense up to 200 toothbrush kits. If you have hundreds of these vending machines, your managing overheads will be almost nil. There will be no staff or labor to operate the vending machine at all.

Let's spread the beautiful smiles!
