

After Playing The Lottery for 20 Years, a Vietnamese Man Finally Won Millions With Jumbo Ticket

Road Town, Tortola Feb 2, 2022 ([Issuewire.com](https://www.issuewire.com)) - [Jumbo Ticket](#) has become a household name in Vietnam, where government authorities are constantly implementing quarantines limiting regular lottery participants from purchasing tickets through retail stores. Nguyen Thi Nga is one such lottery player who often fails to win the international lottery.

The 48-year-old was on a call with his sons-in-law who live in the United States when they suggested he give Jumbo Ticket a shot. "I've heard of it before, but never gave it much thought." He says.

Nguyen had never been a fan of online lotteries as he considered them untrustworthy and potential scams but had dabbled in cryptocurrency. Learning of the benefit that he would have with Jumbo Ticket, the crypto-ready lottery platform gave him a much-needed confidence boost. "Yes, hearing it was based on cryptocurrency was helpful but what interested me was the number of winners. I was sure to win at least one of those prizes."

To his surprise, on the 5th of January 2022, he was named the [Jumbo Jackpot](#) winner in the [live draw](#). Winning \$1 million, Nguyen's lottery craze had finally paid off. Choosing a mixture of significant dates of his dear ones' birthdays or anniversaries, the winning ticket was 263722.

Congratulations to Nguyen Thi Nga and to Jumbo Ticket for making his dreams come true, " I've always

wanted to visit my family in the US, I was upset that I missed my son's wedding, now I can make it up to the newlyweds.”
