

Anax Laboratories Receives NABL Accreditation

The National Accreditation Board for Testing and Calibration Laboratories (NABL) has awarded Anax Laboratories ISO/IEC 17025:2017 accreditation to their recently expanded facility at Genome Valley Phase-III, Karkapatla Biotech Park

Hyderabad, Telangana Feb 15, 2022 ([Issuewire.com](http://www.Issuewire.com)) - The National Accreditation Board for Testing and Calibration Laboratories (NABL) has awarded Anax Laboratories ISO/IEC 17025:2017 accreditation to their recently expanded facility at Genome Valley Phase-III, Karkapatla Biotech Park.

Anax Laboratories is a CRO (Contract Research Organization) that specializes in Research & Development in the field of Pharma API & Drug Discovery and quality testing of products intended for Drugs & Pharmaceuticals.

The NABL assessment team has assessed the competency and quality of the laboratory in the field of testing for the disciplines of Active Pharmaceutical Ingredient (API). Following that, Anax Laboratories has been granted the NABL accreditation

- *The NABL accreditation of Anax Laboratories will serve as a quality seal of approval for our products*
- A big step towards ensuring quality products, improving customer confidence worldwide

The Managing Director of the company added *“This NABL accreditation of our Laboratory further strengthens our customer’s confidence and satisfaction, and reinforces our brand value”*

NABL is an autonomous body under the Quality Council of India and gives accreditation to laboratories for their technical competence in testing and calibration. Test results from NABL accredited laboratories are wide acceptable globally and are considered equivalent to accreditations received by MRA (Mutual Recognition Agreement) partners of International Laboratory Accreditation Corporation.
