Chiropractic is a form of alternative medicine that mainly deals with the diagnosis and treatment of mechanical disorders of the musculoskeletal system, especially the spine. A chiropractor uses spinal adjustments, manipulation, and other techniques to manage patients' health concerns, including neck pain, back pain, headaches, vertigo, and a long list of other ailments and conditions. They aim to improve patients' functionality and quality of life by properly aligning the body's musculoskeletal structure and enabling the body to heal itself naturally, without the use of medication or surgery.

Fidelity Health Care has been recognized for its efforts to provide patient-centered health care to the area, winning Best Chiropractor in 2020 and 2021 from the Atlanta Business Association. The practice is also a member of the Chamber of Commerce and the Better Business Bureau.
