

Digiblocks LLC USA Launching A Multilingual Global Defi Swap Exchange IBullSwap with ibull token.

Mumbai, Maharashtra Feb 22, 2022 ([Issuewire.com](https://www.issuewire.com)) - Digiblocks LLC based in Florida USA is a startup in blockchain technologies and is prepared to launch many projects in the same domain. The First project Ibullswap is being launched shortly.

As cryptocurrencies are reaching new heights, traders are demanding exchange platforms where they

can be provided with the best and most secure experience. That is exactly what Ibullswap can provide them with A Community-Driven Project.

- The platform's protocol allows trading, farming, and staking tokens and allows participants to earn them safely by introducing revenue sharing through the well-known AMM model. All they have to do to start using the app is to connect the wallet. Registration is not needed
- IBULL powers the whole ecosystem of the platform and there are a total of 2 billion IBULL tokens available. There are multiple ways for Members to earn money on Ibullswap. The first one is to earn IBULL tokens by staking the LP Tokens. That way, Members will maximize the earnings via Auto-compounding. Secondly, Members can stake IBULL Tokens to earn them with the platform's high APR per day, weekly, monthly, and annually, as well as its pool.
- Finally, they can earn IBULL from their friend's stake. This one is a simple way to earn tokens. Ibullswap has a unique referral program that gives all the chance to have a passive income of pool earning.
- Slated to go live by March-end, they already have a huge community above 60k before launch. [Telegram](#) is the most active community. ibullswap is also active in [insta](#), Facebook, and Twitter
- Interested People can visit [com](#) for all details of the project like roadmap, tokenomics and get the tokens early and hodl
- ibullswap will be listed on many exchanges for swapping and trading shortly.
- Ibullswap successfully completed the First Airdrop of ibull tokens in January with more than 40k participants.
- More than 200 Million tokens will be distributed to the winners shortly after the ICO.

MISSION

- Educating all Holders with easy, safe, and low-risk methods to gain exposure to digital assets via the decentralized blockchain
- A low barrier of entry to a futuristic, advanced financial Borderless ecosystem.
- Function as a community-driven digital asset, fully decentralized in any sense of the term.
- Ibullswap's goal is to support all, regardless of their financial standing.
- 3% of the Ibullswap token sale will go to charity.
- Tokens now belong to the ibullswap exchange and the Community will be the driving force.
- ibullswap has a social media presence on Instagram, Facebook, Twitter, and telegram.
- ibullswap token address in BSC: [0x3a0889865caac6bCB276F52a77318b043468a51e](#)

It serves as an innovative tool in promoting equitable resources distribution at the core of its design and implementation. generating opportunities through its multiple features, encouraging sustainable, long-term practices to promote community growth and wealth with its visionary positioning in the third world countries, further strengthens a pioneering and self-sustaining model of resource circulation,

Buy it, win it, farm it, spend it, stake it...It's all about the collective willingness to build communities.

The future of secure and profitable trading is here and thanks to [Ibullswap](#), All will be able to enter the world of digital assets in the simplest way. Registration here is not needed and the trading journey can start as soon as members connect the wallet.
