San Francisco, California Feb 24, 2022 (Issuewire.com) - To celebrate our 25th year of producing transformative, conscious festivals worldwide, [Earthdance](#) is celebrating its anniversary with a music compilation by [Muti Music](#).

The compilation can be downloaded or streamed on several music services. [Here is the link.](#)

This week's featured artist is: "Beat Kitty". Beat Kitty first emerged as a producer on Muti Music with a collaborative tune with Sam Lewis on Clipping Paths 4 compiled by Dov1.

Beat Kitty is a DJ, producer, and avid curator of low-end frequencies geared to get your body moving. Her eclectic selection of soundscapes are unique and her dance-floor vibes infectious; blending beautiful timbres and downright dirty beats. Her hybrid of global and timeless sounds blends perfectly with heavier, grimmer bass lines, weaving a tapestry of halftime, trap, hip hop, DnB, and more.

The Earthdance Anniversary compilation is infused with the spirit of the Earthdance legacy! The music includes an exciting and diverse mix of electronic dance music, funk, hip hop, Dub, DJs. and much more. For 25 years, Earthdance has been producing events around the world and has also put out a variety of music compilations with top new artists such as Moby, Groove Armada, Fat Boy Slim, The Orbital, and more.
