The proficient agents here are always set to help out the applicants with the form filling up process. They review the answers submitted by the applicants and also translate the information if necessary. Perfect scrutiny, therefore, facilitates the aspirant with an error-free document submission. Moreover, recently India Visa Online has made this tedious process swifter for Australians as you can now fill-up the form sitting at your home. It will, therefore, let any Australian citizens skip the tiring procedure of holding up in the queue at the Indian Embassy.

So, being an Australian citizen, all you need to do is acquire an eVisa at any rate just before four days of your departure to India. This website will help you issue Indian Tourist Visa, Business e-Visa, Medical Attendant eVisa, and Medical eVisa. However, there are some prerequisites that you can check at <https://www.indiavisa-online.org/home/indian-visa-requirements> to avoid any further consequences. Some of the specific documents like - the photo of the applicant, scan copy of personal passport details, and the scan copy of the last page of the passport (if significant) are required to present.

If you succeed in submitting accurate data, then it will take 3 to 4 days to process the e-Visa. Well, if you fail to provide a clear passport photo or present a bad scan copy, then it will take a longer time like - 7-10 business days. In the case of a medical or medical attendant visa, the processing will be completed between 3 to 5 working days. Starting from reviewing the form, correcting it, sending it to the administration, and awarding you with the e-Visa through the mail - all the procedures will be guided by the agents.

As per the guidance of India Visa Online, the Business Visa is valid for 1 year and multiple entries are allowed as well.
