Mumbai, Maharashtra Feb 28, 2022 (Issuewire.com) - [Katonic AI](http://Katonic.AI), a Sydney-based Startup helping enterprises operationalize AI, has announced the joining of four industry-leading executives to the company's newly formed Advisory Board. This announcement arrives on the heels of several recent executive hires and platform enhancements for the rapidly growing technology leader. Through their strategic guidance and support, Katonic AI will continue its global expansions and reach its full potential as the leader in helping enterprises operationalize AI.

Joining Katonic is former Deputy Managing Director & Chief Information Officer of India's largest bank State Bank of India, **Mr. [Dhananjaya Tambe](#)**. Mr. Dhananjaya Tambe is a banking veteran, having served three banks (Corporation Bank, Central Bank of India, and State Bank of India) for 35 years. Mr. Tambe has held important positions such as Head of Internet Banking, Payment Systems, IT-Infrastructure, IT-Operations, IT-Transformation, etc. Mr. Tambe steered the IT vertical at SBI as its Head during the pandemic, ensuring uninterrupted services to internal and external customers. An

M.Sc. in Agriculture with Post Graduate Diploma in Financial Management and CAIIB, he is also a Project Management Professional (PMP) from the Project Management Institute, Pennsylvania.

[Avinash Velhal](#) joins the board with 35 years of international leadership experience working with prestigious brands such as Atos, Siemens, L&T with an award-winning senior leadership track record in IT Governance, People Management, Business Innovation, M&A, and more. He is a Visionary Business Technologist with cross-functional experience in IT across a wide gamut of areas having driven large IT Transformation projects, Outsourcing, Infrastructure, and Service management. He is an Industrial Engineer at heart that has guided his actions throughout his career. He is currently Certified Independent Director, CIO at Atos Global IT Solutions & Services Ltd, and President of CIOKlub Mumbai chapter.

[Sriram Naganathan](#), Joins the board with over 25 Years of experience and has varied exposure on Management Consulting, IT Strategy, Enterprise Architecture, Program Delivery, Insure Tech, and Entrepreneurial ventures. He is former Chief Information Officer of Liberty General Insurance Company Ltd and Chief Technical & Operations Officer in Reliance General Insurance. His prior stints with TCS and Accenture included solution design and delivery for large insurance carriers in the USA and Europe. He has received various accolades during his tenure with various companies, for displaying clear vision and leadership in delivering technology solutions to the business.

Lastly, [Dr. Sunil Rai](#), a veteran academician, joins with 42 years of experience. Dr. Sunil Rai is currently the Vice-Chancellor of the University of Petroleum and Energy Studies (UPES), Dehradun. Before joining UPES, he was the Vice-Chancellor of MIT Arts Design & Technology University, Pune, and Director on Board of Maharashtra IT Corporation, Govt. of Maharashtra. He has been instrumental in building some of these universities into huge brands – through implementing processes, developing, and nurturing their staff, and obtaining accreditations for them. Sr. Sunil Rai is also a Defense Veteran and managed ships and technical establishments of the Indian Navy in various capacities. He was a commissioned officer in the Indian Navy for 21 years.

[Prem Naraindas](#), Founder & CEO of Katonic.ai, expressed “After a highly successful year following several implementations of our ground-breaking MLOps platform, partnering with the likes of CGI, Splunk, and NxtGen, we are honored and excited to be kickstarting 2022 by welcoming four industry titans who will add a vast amount of experience to the team. These are undoubtedly top-level additions as we embark on our journey to put AI in the hands of more people creating value and driving top-line growth for the businesses. These leaders’ willingness to join us at Katonic.AI endorses our vision of what we are trying to build for organizations and our ambition of helping them Embrace AI to tap its full business value potential”.

About [Katonic.ai](#)

Katonic.ai is an Australian Startup and ISO 27001 Company helping businesses realise the value of enterprise AI faster, with proven and practical approaches to create new applications and achieve breakthrough innovations. Katonic Machine Learning Operations Platform (MLOps) Platform is a collaborative platform with a Unified UI to manage all data science in one place. Katonic MLOps Platform is for customers and developers to introduce the MLOps practice into their production systems. The Platform combines the creative scientific process of data scientists with the professional software

engineering process to build and deploy Machine Learning Models into production safely, quickly, and sustainably. Katonic MLOPS Platform runs in your Kubernetes cluster and can be deployed anywhere – multi-cloud, on-prem, or edge.
