

Leawo Launches 2022 Valentine's Day Deals with 50% Off AI Photo Editor

Leawo Software recently unveiled their 2022 Valentine's Day deals, including up to 91% off bundles, 30% off site-wide coupons, Photo BG Remover freebie, and more.

Shenzhen, Guangdong Feb 8, 2022 (Issuewire.com) - The most romantic day of the year is around the corner. For many people, Valentine's Day means it's time to start shopping for a thoughtful gift for their valentine. As is traditional, many retailers are offering classic deals and new ideas for the holiday. From a dozen long-stemmed roses to a Michelin-star restaurant, there is something for everyone to be found on the local high street. Although all people love flowers and chocolate, there comes a time when they want to give something special. Leawo Software, a leading developer and supplier specialized in multimedia solution and data management software, helps people choose different gifts, especially rolling out their [2022 Valentine's Day Giveaway & Specials online sales](#) with up to 91% off bundles, [Photo BG Remover](#) freebie, and more.

On Valentine's Day, people spend time with their loved ones and express their love in their own unique way. Some people prefer a simple coffee date, while others plan lavish candlelit dinners. Either way, all these moving moments are worth recording. To help people post-edit their photos, Leawo Software considerably offers a 50% discount on their AI photo editor – [PhotoIns](#), which is able to enhance photo quality and remove photo background in batches with AI technology. That is, in this event, people can save up to \$41.97 for this all-featured photo editor.

Leawo PhotoIns consists of [Photo Enhancer](#) and Photo BG Remover. Powered by advanced AI technology, Photo Enhancer can enhance photo quality in batch by adjusting exposure and white balance, boosting colors and tints, optimizing contrast and sharpness, and more. When used as a portrait enhancer, it can retouch skin, remove freckles and wrinkles, enlarge eyes, etc. On the other hand, Photo BG Remover, driven by a smart algorithm, offers professional and one-stop solutions to remove background from image in batch. Once the source photos are loaded, it will intelligently analyze the clipping edges, precisely enclose the region to cut out, and then instantly remove the photo background. In addition, manually removing, changing and editing photo backgrounds are also supported.
