

Meythoven & Malikson have Been Profoundly Making the Musical Number That Offers the Ecstasy of Admiration

The musical numbers offered by Meythoven & Malikson have been completely compelling for all the music enthusiasts of the world for their spells and vast musicality.

Amerang, Feb 7, 2022 ([IssueWire.com](https://www.issuewire.com)) - The **Meythoven & Malikson** are a family of four based in Germany. They have cultivated the habit of making music in their leisure time. During July of 2020, they have started to take their musical journey to the next level. They have debuted with the song 'Echo' and after that there no looking back. Recently they have released '[About You](#)', a song that offers a wide range of musicality through the truthful nature of flavourful musicality. '[They Don't Know About You](#)' is another exceptionally beautiful number, conveying the serenity of its musical aura.

The overwhelming nature of '[Let U Go- L.U.G.](#)' will cast a long-lasting infatuation on the audience. **Meythoven & Malikson** have made themselves completely clear that they will not stop until they reach their best in their musical forms. They have self-producing their songs initially but now they have been collaborating with AvidPlay to produce their songs. The music that they have made by far offers the warm hug of a nurturing vibe. 'About You' is just one of their best which has paved the path to their musical excellence.

The well infused lyricism of '**They Don't Know About You**' are just exceptionally powerful numbers. So is their '**Let U Go- L.U.G.**' which has been creating the aura of supreme musicality. The recent track that they have made is 'U Know My Darkest Secret' is also very powerful. Apart from these numbers some of their powerful tracks are 'Let's get Romantic', 'Minuto Cero', '1999', 'DeatteYokatta', 'M.P.T.' and many more. Follow their musical journey on YouTube and Spotify.
