

Miami Beach Parks and Rec offer Pickleball to Bitcoiners Biggest Event of the Year. BITCOIN 22

Miami Beach Parks and Rec offers Open Play Pickleball to the 35,000 BTC22 attendees.

Miami Beach, Florida Feb 17, 2022 ([Issuewire.com](https://www.issuewire.com)) - Miami Beach Parks and Recreation is hosting BTC Pickleball Open Play, on April 6th, 7th, and 8th during the Biggest bitcoin event of the Year, Bitcoin 22 at the Miami Beach Golf Club.

Miami Beach Parks and Rec are teaming up with Lily Azel and Mickey Collins, both active USA Pickleball Ambassadors, who have teamed up to bring Pickleball to the Convention by offering Open Play to the attendees. Scott Golden, Pro PB Commentator for PPA on ESPN3 and works as Professional Pickleball Instructor at Woodfield Country Club and Golden Boy Pickleball LLC, will be on hand in an exposition and teaching the game.

Pickleball, a game similar to tennis played with paddles and a plastic ball, has been exploding in popularity. According to USA Pickleball CEO Stu Upson, the sport has consistently grown by 15% annually for five years, and the organization's membership of 53,000 is up 43% over the past year. That growth has captured the attention of investors and operators who are collectively pouring millions of dollars into further professionalizing the sport in America.

Bitcoin 2021 was the biggest Bitcoin event in history with a sold-out crowd of 12,000 attendees. In 2022, we'll bring together over 35,000 Bitcoiners from around the world, as we work to accelerate hyperbitcoinization.
