

Mitchell H. Bamberger, MD, MBA, FACS, a Urologist with Urology Central, PC

Get to know Urologist Dr. Mitchell H. Bamberger, who serves patients in Leominster, Massachusetts.

New York City, New York Feb 28, 2022 ([Issuewire.com](https://www.issuewire.com)) - A seasoned urologist with over 30 years

of experience, Dr. Bamberger is in practice at Urology Central, PC, located at the UMass Memorial HealthAlliance Clinton Hospital in Leominster, Massachusetts. In addition, he also practices at Nashoba Valley Medical Center in Ayer, Massachusetts. His clinical interests include kidney stones, oncology, vasectomies, neuromodulation therapy, female urology, and voiding dysfunction for both men and women. He also has experience in pediatric urology.

Back in 1982, he earned his medical degree from the Albany Medical College. He began a general surgery residency at the University of Florida. Following a research fellowship at the University of California at Davis, he completed a residency in urology at St. Luke's - Roosevelt Hospital Center, New York City, in 1989. Finally, he completed a second fellowship at Massachusetts General Hospital in 1990.

A Fellow of the American College of Surgeons (FACS), the doctor is board-certified in urology by the American Board of Urology (ABU). The mission of the ABU is to act for the benefit of the public by establishing and maintaining standards of certification for urologists, and working with certified urologists to achieve lifelong learning to ensure the delivery of high quality, safe, and ethical urologic care.

With a passion for teaching, Dr. Bamberger serves as an Associate Professor at the University of Massachusetts Medical School. He has been invited to present his clinical expertise at a number of regional, national, and international meetings. He has authored or co-authored over 60 scientific papers, book chapters, and abstracts.

Urology, also known as genitourinary surgery, is the branch of medicine that focuses on surgical and medical diseases of the male and female urinary-tract system and the male reproductive organs. Urologists specialize in diseases of the urinary tract and the male reproductive system. Patients may be referred to a urologist if their physician suspects they may need treatment for a condition relating to the bladder, prostate, urethra, ureters, kidneys, and adrenal glands.
