

Multimillion Dollar Footnanny Brand Launches New Body Product Line

Oprah's Nail Tech launches BODYNANNY Products

Beverly Hills, California Feb 21, 2022 ([Issuewire.com](https://www.issuewire.com)) - The Founder of Footnanny Brand, Gloria L. Williams, has launched a new line of All Natural *BODYNANNY* products. Because of her success with her current Footnanny Brand, Williams knows that she has definitely created the "blueprint" for building a multi-million dollar e-commerce business.

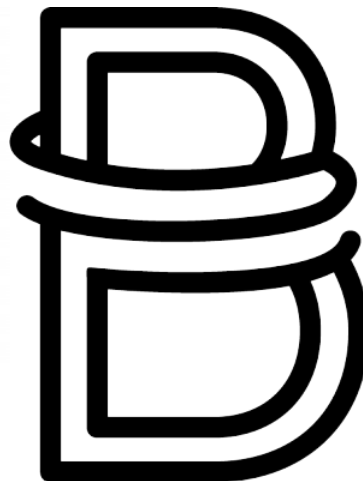

Throughout the years, Williams was asked by her returning customers, to consider extending her product line to the body. Williams says "creating a new product line for the body took a few years to develop and trademark, but it was worth all the hard work to get the blends just right". *BODYNANNY* products have been "focus group tested" for their success in delivering a wonderful experience to the front door of consumers. Williams will be introducing this new product line to her current 100,000 plus email customers and her additional 200,000 Social Media Shoppers.

Williams can guarantee that her new line of all natural *BODYNANNY* products will be a winning blend of products because she will be continuing to use the old fashioned mixture of blends that her ancestors passed down to her that helped create the Footnanny Brand. The *BODYNANNY* product line will include Light Body Oils, Bath Serums, Foaming Bath Soaking Salts, Body Sugar Scrubs and Comfy Wear. *BODYNANNY* products will deliver a wonderful bathtub experience that will soak your body to relaxation. Stress in America is on the rise and Williams wants her products to be the ultimate at home wellness experience for her customers. The entire line is designed to **HUG** your body in the bathtub and outside the bathtub. The **HUG** can be also found in the product logo which shows the letter B with two arms wrapping across the middle simulating hugging arms.

Footnanny and *BODYNANNY* are both made in the USA product lines that are Leaping Bunny Approved. *BODYNANNY* products will be sold on www.footnanny.com and will also have it's own freestanding website <https://bodynanny.com> . Complimentary *BODYNANNY* Pamper Media boxes are now available for verified press only by signing up at this link <https://bodynanny.com/free-media-product-box>

The story of Footnanny Brand will now continue to deliver old fashioned wellness to the body with *BODYNANNY*.

*Footnanny is a women owned business.
