

Nancy M. Mannisto, MD, a Pediatrician with Royal Oak Pediatrics

Get to know Pediatrician Dr. Nancy M. Mannisto, who serves patients in Huntington Woods, Michigan.

New York City, New York Mar 1, 2022 ([Issuewire.com](https://www.issuewire.com)) - Dr. Mannisto is in practice at Royal Oak Pediatrics in Huntington Woods, Michigan. Royal Oak Pediatrics is a group practice consisting of three board-certified pediatricians, a physician's assistant, and a nurse practitioner. Being in a group practice enables their doctors to maintain greater office flexibility and availability. It is their official policy to follow as closely as possible the recommendations of the American Academy of Pediatrics regarding the care of infants, children, and adolescents. Royal Oak Pediatrics has been a Patient-Centered Medical home since the program's inception. Dr. Mannisto is on staff at William Beaumont Hospital, Royal Oak MI, and Children's Hospital of Michigan, Detroit.

Pediatrics is the branch of medicine that involves the medical care of infants, children, and adolescents. The American Academy of Pediatrics recommends individuals be under pediatric care up to the age of 21. Pediatricians provide medical care to people ranging in age from newborns to young adults. They are trained to examine, diagnose, and treat children with a wide variety of injuries and illnesses through all of their developmental stages, as they grow and mature.

Always maintaining a high standard, Dr. Mannisto is board-certified in pediatrics by the American Board of Pediatrics (ABP). The mission of the ABP is to advance child health by certifying pediatricians who meet standards of excellence and are committed to continuous learning and improvement. She is also an active member of the American Academy of Pediatrics, the Michigan State Medical Society, and the Oakland County Medical Society.

After growing up in Cincinnati, Ohio, Dr. Mannisto completed an undergraduate degree at Ohio Wesleyan University with a double major in pre-medicine and philosophy. She graduated with her medical degree from the Wayne State University School of Medicine and completed her residency in pediatrics at Beaumont Hospital, Royal Oak. She continues to maintain an active interest in medical ethics.

Dr. Mannisto has been with Royal Oak Pediatrics for over 25 years and enjoys her job immensely. She works hard to keep abreast of developments in pediatrics for both herself and in educating staff and patients. It's extremely rewarding to participate in the growth of families from the time they have their first baby through high school and college, and in some cases into the next generation.

As a testament to her success, Dr. Mannisto has been the recipient of the Compassionate Doctor Recognition (2014, 2013), and the Patients' Choice Award (2013, 2012, 2009, 2008).

She has been married for over 30 years to Glen Mannisto, poet, professor, and art critic. They have two adult daughters who get credit for being great teachers in pediatrics. They have no grandchildren yet but have two Labradors which is like having perpetual toddlers! She enjoys baking, especially trying to master the perfect pie, beading jewelry, reading Scandinavian mysteries, going for walks, and going to their family cottage in Michigan's Upper Peninsula.
