

Olalesi Osunsade, MD, DABR, a Radiologist with Luminis Health Doctors

Get to know Dr. Olalesi Osunsade, a radiologist who is based at Luminis Health Doctors Community Medical Center in Lanham, Maryland.

New York City, New York Feb 21, 2022 ([Issuewire.com](https://www.issuewire.com)) - As a radiologist, Dr. Osunsade reads studies from different imaging modalities (CT, XR, US, MR, NM); as well as performs a variety of imaging-guided procedures such as embolizations, biopsies, drainages, and vascular access.

With a specific interest and unique training in the emerging field of Interventional Oncology, he has been repeatedly named a TopDoc due to his high-quality clinical care combined with his compassion and professionalism.

Dr. Osunsade obtained his undergraduate and medical degrees from George Washington University. He completed a general surgery internship at the Medstar Washington Hospital Center in 2013, a diagnostic radiology residency at St. Vincent's Medical Center in 2017, and a vascular/interventional radiology fellowship at Henry Ford Hospital in 2018.

A diplomate of the American Board of Radiology with dual board certifications in interventional and diagnostic radiology, Dr. Osunsade is also a member of the Society of Interventional Radiology and has multiple publications, including a presentation at a SIR annual meeting.

He is a native-born Washingtonian of Nigerian and Filipino descent. Outside of work, he is an avid sports enthusiast, and also enjoys traveling and other leisurely activities with family/friends. Prior to returning to the DMV area, he worked for a private practice in Rhode Island and locum tenens for Detroit Medical Center.

Diagnostic radiology refers to the field of medicine that uses non-invasive imaging scans to diagnose patients. Interventional radiology is a specialty that provides minimally-invasive therapeutic options with imaging-guided procedures. Luminis Health is a dynamic network of Maryland hospitals providing services in Prince George's and Anne Arundel counties.
