Speak to Career Mentor

Gurgaon, Haryana Feb 12, 2022 (Issuewire.com) - We endeavour to help young minds shape their career right from an early age so that they do not just have a job a few years down the line, but they have a fulfilling career, in which they will excel.

At CareerByDesire, we offer personalized career guidance, counseling, and mentorship programs. Choosing a career is a conscious and deliberate process. It cannot be done in a span of days, weeks, or even months.

46% of educators feel that students and parents are very stressed about career decisions

Selecting a path of learning is an essential part of a student's life and a decision of uppermost importance. However, the pressure of building a career from a very young age is a little too much for young minds.

80% of Indian engineers are not fit for any jobs in the knowledge economy

The annual employability survey 2019 report by Aspiring Minds reveals that 80% of Indian engineers are not fit for any job in the knowledge economy.

93% of Indian students are aware of just seven career options

Learning is necessary because no one is born with the ability to function expertly as an adult in society.

It is mainly necessary to understand the kinds of learning experiences that lead to transfer, explained as the ability to enlarge what has been learned in one context to new contexts.

Comprehensive Year-On-Year Mentorship and [Career Guidance Programs](#)

Year 1: UNWIND

This program is for students graduating from Class 10.

This is where we lay a solid foundation for career planning

Year 2: REINFORCE

This program is designed to help students in Class 11 remain focused on their career goals as they become

Year 3: MAXIMIZE

Class 12 and Beyond (Undergraduate and above classes in any stream) can be an incredibly tough year for students and more so for competitive exam aspirants.

Why Choose CareerByDesire?

CareerByDesire was born out of the need to fill a specific shortcoming of standard career guidance and counseling services. Mainstream career guidance providers tend to adopt a mechanical approach when it comes to career counseling.
