Supreme Team Promotion Service Announcement: Tosneyland by TokiBop

Austin, Texas Feb 13, 2022 (Issuewire.com) - The Supreme Team today announced Tosneyland, a new single. TokiBop is an exciting up-and-coming artist who is releasing acclaimed new music to an ever-widening fan base.

TokiBop explains his music, "Is basically EDM. Honestly, I just like to make cute and energetic music. In

Japan, they would call the genre Kawai. That is just what I strive for, as a theme/genre. I am very much into different types of moods and genres as well. It helps me try to incorporate those styles into what I like to make. My music is definitely not for everyone, but it definitely has the pop structure to it, so I believe many can enjoy them. I try to tell a story for each song, just like a storybook. It's up to your imagination what you think the song is speaking. That is why I draw all my own album art, to show a glimpse of what I was thinking about when making the song. Oh, and I'm also a bunny...that produces."

In a recent interview, TokiBop explains, "Originally from Philadelphia, PA. The Jazz and band scenes there were a lot of fun. And because there is a performing arts university there, a lot of fresh talent and always new things to experience. I am currently in Seoul, South Korea. Because I'm usually busy working on producing at home, when I did go out, I've mostly been to indie band scenes, as well as EDM festivals. They're a lot of fun of course. Seoul is an amazing city for entertainment and opportunities, and as you can guess, K-Pop is always poppin' here."
