## Time's Not Wasted: Young Arizona musician Aleksander Timonov's breakout single.

**Chandler, Arizona Feb 11, 2022 (<u>Issuewire.com</u>) - Young Arizona musician Aleksander Timonov's breakout single "Time's Not Wasted" is the first release by the artist to feature vocals, which have been described as "smooth but present".** 

It's a preview of the sound of what's to come from the starting musician in the future: punchy drums, echoey vocals, and lyrics about the teenage experience from his eyes.

Doing it professionally since 2020, but starting long before in his free time, Aleksander has been strumming on guitars and mashing on keyboards since he was a toddler. Since then he's expanded his portfolio of instruments to guitars, synthesizers, drums, and microphones to record his vocals.

The releases are available for listening on Spotify, and soon wherever else you consume your music.
