Austin, Texas Feb 9, 2022 ([Issuewire.com](https://www.issuewire.com)) - This practice is conveniently located at 1301 S Capital of Texas Hwy A-132, Austin, TX 78746 and welcomes smile makeover patients from West Lake Hills TX, Lost Creek, Tarrytown, Rollingwood, Barton Creek, and the wider North West Austin Texas area.

More details can be found at: <https://www.westlakehillsdentalarts.com/cosmetic-dentistry.html>

The new smile makeover service at Westlake Hills Dental Arts includes an updated range of dental veneer solutions. Dental veneers can be used to fix cavities or chipped and cracked teeth, as well as to improve the look of healthy teeth.

Dental veneers are thin, tooth-colored shells that are attached to the front surface of teeth to improve their appearance. They're often made from porcelain or resin-composite materials and are permanently bonded to your teeth as seen here <https://www.westlakehillsdentalarts.com/veneers.html>

West Lake Hills Dental Arts were founded over 27 years ago by Dr. Richard Jones, who recently handed over to Dr. Rebecca Long (Becky). Dr. Long loves doing smile makeovers and working with veneers

because they allow a little to go a long way'. She adds 'the most pleasurable thing about dentistry is being able to, for example, just fix a couple of small chips and then re-contour and then see how those little conservative things make a big difference.

The new smile makeover service also includes metal-free dental crowns that use ceramic materials to restore teeth damaged by injury or decay and hide stains resistant to other cosmetic procedures. Other treatments may include bonding and Zoom teeth whitening.

Recent media coverage can be seen here <https://www.yahoo.com/now/smile-makeovers-launched-westlake-hills-025500996.html>

The practice currently has 87 Google reviews with a 4.9 rating. A satisfied patient said, "Dr. Long is the best! So skillful, compassionate, friendly--and a complete professional! So lucky to have her. And her staff is great--Kristina is so sweet, and by far the finest hygienist I've ever encountered. My teeth are grateful for these wonderful people!"
