

Abdalla Alshamsi well known entrepreneur having a forethought to initiate buliding luxurious holiday homes in Asia

Eminent entrepreneur & business man - Abdalla Alshamsi after flagging dominions in several of his prior businesses has now planned and all equipped to embark on a new journey to set his foot in real state markets of several Asian countries by build

opportunistic, seeing the growing relaxations in earlier covid guidelines regarding international businesses & travelling, Abdalla Alshamsi has decided to invest in newer ventures in multiple folds so as to take his name & business to newer heights. Abdalla has already flagged many markets using his unique business skillsets & flabbergasting strategies in many businesses governing areas of food trading, travelling, job hunting, and many others.

Abdalla Alshamsi the Founder & CEO of Abgulf and many UAE-based multinational business companies, has already gained the trust of millions of customers & has created a very strong clientele in his homeland, neighbouring countries as well as abroad. He is a business tycoon who has aced in many business fields, and now seeing an opportunity in tourism line due to settling covid figures and leniency in covid guidelines.

Abdalla Alshamsi this time has decided to step into the field of luxe real state. Abdalla has very wisely chosen the Asian market to conduct his businesses considering their current developing situation & their stronghold over-tourism industry. Abdalla being an Emirates citizen has undoubtedly been exposed to jaw-dropping, law-defying & luxe class of architecture right from his childhood. His passive knowledge in the architectural field combined with his super talented team knows exactly how to fuse things in perfect proportions & bring the best out of a place. All of his past experiences he gained while travelling have made him well versed to understand the needs of his customers depending on their geographic locations and their cultural heritage. His deep expertise allows him to cherish the uniqueness of his clients & build an everlasting bond with them. In addition to all this, his own rich cultural heritage & ample capital leaves the venturist with no room "not to excel" in any of his businesses.
