Los Angeles, California Mar 16, 2022 ([IssueWire.com](https://www.issuewire.com)) - The newest entry in the literary world is **Hiliary Amanda** who has published her debut book, '**Vanished in a Heartbeat**' on Amazon on March 10, 2022. The book describes the thrilling journey of Abigail who is on a mission to bring back her missing husband. The husband Lucas Ferguson is a high-profile criminal defense lawyer who suddenly goes missing while being on a family vacation with his wife and children. Abigail finds herself in deep water struggling to understand the situation and find answers. Determined to find her husband, she enlists her best friend for help who comes along with her husband on the journey to find Lucas.

When a small-town police officer becomes a part of the investigation, a lot of secrets come out that Lucas tried his best to keep hidden. He also starts to suspect Abigail and she now has to find a way to defend herself alongside keeping her children safe from any danger. Lucas also tries to escape his captors and reunite with his family but he gets caught and tortured severely. He still has to figure out who is keeping him hostage. The story also has a dramatic twist that will blow the minds of the readers when they find out.

Based in Indiana, Hiliary Amanda has always been interested in writing and her parents have always supported it. With her husband's encouragement to pursue her dreams and the support of her family, she has published her first-ever book, 'Vanished in a Heartbeat' in 2022.
