

# **Anish Lovo a musician, music producer with his music hits across the globe**

Who is Anish Lovo

**Delhi, India Mar 11, 2022 ([IssueWire.com](https://www.issuewire.com))** - Anish Lovo is a Musician, Music Producer, and Songwriter who creates lo-fi beats, melodies, and instrumentals, he started his career as a music producer in 2021.

## Music on All Streaming Platforms

This 18-year-old musician is currently working on new music for Spotify, Apple Music, SoundCloud, and other streaming services. What started off as a simple passion of making music in one's home has turned into a Spotify hit. He had created music that touches people's hearts and pulled them together.

His musical skills span genres with amazing ease, from rock to trap to lo-fi music, although he's dabbled in practically every genre. This young artist is here to stay, thanks to his ability to deliver success after hit in many genres. Anish Lovo, a master of his art, goes into the creative process of music production, and his music has been added to many Spotify playlists since his debut. One of his older tracks is 90s Kids, which has been on trending. On 3rd January, 90s Kids reached a milestone of 20k+ streams and 1k Spotify listeners. He's making strides toward being a better person.

He created songs with other musicians and collaborated with them. He enjoys working with artists across the globe. His songs have received a lot of positive feedback.

## Fanbases and Popularity

His fans hail from the United Kingdom, India, the United States, and other nations. Each song stands out from the others and creates a soothing experience for listeners. Anish Lovo's mostly thanks to social media. His huge popularity on YouTube, Instagram, SoundCloud, and other platforms has put him in the spotlight. He has put in a lot of effort to get to this point, and he is still working hard.

Anish Lovo has only one direction in mind: upward. He's the real deal, and he'll be around for years to come, regardless of the whims of time and trends. Find his music on all streaming platforms.
