

Deanna Elaine Hanson, LPN, a Licensed Practical Nurse in Private Practice

Get to know Licensed Practical Nurse, Deanna Elaine Hanson, who serves patients in Port Angeles, Washington.

New York City, New York Mar 14, 2022 ([IssueWire.com](https://www.issuewire.com)) - Deanna is a licensed practical nurse currently serving patients in private practice in Port Angeles, Washington, where she specializes in geriatrics, pain management, and wound care.

In regards to her education, she earned her nursing degree from Northeastern State University.

A Licensed Practical Nurse (LPN) is on the front line of nursing, interacting directly with patients on a daily basis. They work under the supervision of doctors and RNs, performing duties such as taking vital signs, collecting lab specimens, administering medication, ensuring patient comfort, performing skills like trach care, foley care, ostomy care, wound care, G- tube care I.V. care, and reporting the status of their patients to their case managers.

LPNs are generally hired in settings such as doctors' offices, hospitals, nursing homes, home health environments, and rehabilitation centers. They must be skilled in balancing care for patients, performing skilled tasks, and completing practical daily administrative duties.
