

Evan H. Black, MD, FACS, FAACS, an Oculoplastic Surgeon with Consultants in Ophthalmic & Facial Plastic Surgery

Get to know Oculoplastic Surgeon Dr. Evan H. Black, who serves patients throughout the State of Michigan.

New York City, New York Mar 30, 2022 (IssueWire.com) - A board-certified and fellowship-trained oculoplastic surgeon, Dr. Black is affiliated with Consultants in Ophthalmic & Facial Plastic Surgery, serving patients in the Southfield and Troy areas. He specializes in the cosmetic eyelid, forehead, and brow surgery, Botox treatments around the eyes, as well as the surgical management of diseases such as eyelid ptosis (drooping eyelids), eyelid tumors, reconstruction, and lower eyelid malpositions.

The mission of Consultants in Ophthalmic & Facial Plastic Surgery is to deliver excellence in clinical care and customer service. As experts in the field of oculoplastics, their doctors take skill and training to a whole new level. Their unwavering dedication is evident in their multitude of professional affiliations, certifications, leadership and faculty appointments, strong association with accredited facilities, professorships, and the numerous textbooks they have authored.

With a broad educational background, Dr. Black received his medical degree at the University of North Carolina at Chapel Hill School of Medicine. He completed his residency in ophthalmology at the University of North Carolina, followed by a fellowship in ophthalmic plastic and reconstructive surgery at the William Beaumont Hospital and Kresge Eye Institute.

An expert in his field, the doctor is board-certified in ophthalmology by the American Board of Ophthalmology, an independent, non-profit organization responsible for certifying ophthalmologists in the United States of America.

Among his credentials, he is a Fellow and board member of the American Society of Ophthalmic Plastic and Reconstructive Surgery, a Fellow of the American College of Surgeons (FACS), and a Fellow of the American Academy of Cosmetic Surgery (FAACS). He is an active member and past President of the Michigan Society of Eye Physicians and Surgeons.

In his professional experience, Dr. Black is co-section head of Oculoplastic Surgery at the Beaumont Eye Institute, Oakland University/William Beaumont Hospital, and Program Director of the Ophthalmic Plastic and Reconstructive Surgery Fellowship at the Detroit Medical Center's Kresge Eye Institute.

As for his academic appointments, he serves as a Professor within the Department of Ophthalmology at Wayne State University School of Medicine and Oakland University/William Beaumont Hospital School of Medicine.

An enthusiastic researcher, Dr. Black's research interests include advances in brow and forehead lifting and botulinum toxin investigations. He lectures nationally and internationally and has numerous publications.

Oculofacial plastics is a specialized form of surgery that focuses on aesthetic and reconstructive aspects of the face, eyelids, brows, orbital bones, tear duct system, and nose. There are only about 800 U.S. physicians that specialize in this field.

As a testament to his success, Dr. Black has been voted among the Best Doctors in America® every year since 2005.
