

Get Job in Animation and VFX Industry

With the increasing focus on 'photorealism' in movies, the line between Animation and VFX is blurring.

Nagpur, Maharashtra Mar 11, 2022 ([Issuewire.com](http://www.issuewire.com)) - With the increasing focus on 'photorealism' in movies, the line between Animation and VFX is blurring. Many successful movies lately have used the perfect combination of Animation and VFX techniques. Taking these upcoming trends into consideration, Arena Animation's Animation-VFX Prime course will help you gain in-demand skills in both domains. You can now pursue this course online till your nearest Arena Animation centre re-opens.

To enquire more about the course

1. <https://bit.ly/3DiJ7lo>

2. Fill in your details in the Student Enquiry Form 3. Wait for our career counsellor to connect with you and guide you. You can also give a missed call on 1-800-266-0555 for course-related information.
