Vote Now with your wallet to influence 2022 elections

Washington, D.C, District of Columbia Mar 8, 2022 ([Issuewire.com](https://www.issuewire.com)) - This nation has two national concerns, Healthcare Industry and Economy. A Crusader has found a simple solution to both concerns. Create a Medicare-for-All healthcare system, eliminate employers paying for healthcare benefits and FICA taxes (7.5%), pay the costs of these benefits directly to employees, increasing everyone's income taxes by 4%.

Go to gofundme.com., <https://gofund.me/620de90d>, and pull up "Creating a Better National

Environment". Read causes of high healthcare costs, and loss of manufacturing jobs. These changes will build a heavier workforce, lower national expenses for healthcare, improve employee take-home pay, and make our manufacturing industry more competitive with manufacturers in other industrial countries.

Please vote with your wallet and Crusader will do everything in his power to make a better economy and healthcare. The goal is to have these changes implemented in 2023.
