Jaipur, Rajasthan Mar 8, 2022 ([IssueWire.com](https://www.issuewire.com)) - The Jaipur-based digital agency I Solution Microsystems Private Limited, has achieved [2022 Premier Partner status in the Google Partners program](#).

I Solution Microsystems Private Limited team of experts provides paid search, shopping, display, Website design and development, SEO for companies across the globe. Explore the full range of offerings on their website (<https://www.isolutiononline.com/>).

"We are delighted to be awarded a 2022 Google Premier Partner, which signifies the successful team's efforts in delivering the world-class results to the clients and helping them inconsistently identify new growth opportunities and sustaining their success on an ongoing basis. Being among the top 3% of Google Partners in India means a lot to us" - said Vishal Singhal, Founder & Managing Director of I Solution Microsystems Private Limited.

This month, Google recognized the achievements of top-performing digital marketing partners across the globe by awarding Premier Partner status as part of the new Google Partners program.

The Google Partners program has undergone significant changes for 2022, including redefining what it means to be a Premier Partner through new, advanced program requirements and offering new Premier Partner benefits to support growth and success with Google Ads.

"Congratulations to our Premier Partners for being among the top 3% of Google Partners in India. These companies stand out based on their commitment to developing product expertise, building new client relationships, and helping their current clients grow. We look forward to supporting them as they help their customers succeed online." - Davang Shah, Senior Director, Google Ads Marketing

[I Solution Microsystems Private Limited](#) is part of a select group of Premier Partners in the Google Partners program. This program is designed for advertising agencies and third parties that manage Google Ads accounts on behalf of other brands or businesses. Its mission is to empower companies by providing them with innovative tools, resources, and support to help their clients succeed and grow online.
