

New Music Alert! Loren drops new single 'Jane Street'

Available on all major platforms June 1st, 2022

Toronto, Ontario Mar 18, 2022 ([IssueWire.com](https://www.issuewire.com)) - Canada based Hip Hop Artist Loren is back with a long-awaited single titled “Jane Street”. The exciting new track features uber groovy beats, embodying the spirit of Hip Hop to its very core. The song is now available on Soundcloud. Listen to the track [here](#).

Gaining a ton of attention from many key industry players and music lovers alike, Loren’s unique gritty sound has been bubbling under the surface for quite some time. The artist ingeniously presents a fresh new perspective with his unique brand of music consisting of a distinctive blend of multiple styles, reaching out to a plethora of different listeners from all walks of life. The resourceful individual also has a unique innate competency to ingeniously put together idiosyncratic sounds and melodies, creating breathtaking music, all while maintaining a consistent brand. Filled with conviction coupled with back against the wall punchlines, Loren has been compared to the likes of legends such as 2PAC and Jay-Z. Always staying humble, Loren hopes to create music for the world of the Have-nots. To let them know and see that where you start isn’t necessarily where you finish.

“Stay In The Light,” says Loren

With big dreams and plenty of energy to spare, Loren hopes to positively influence the world with his music and is well on his way to becoming one of the most phenomenal rappers to take the stage in this generation.
