

Opcito concludes Ionize 2022 – annual rewards and recognition program

This year's event was a hybrid event where most people joined the celebrations at Vivanta, Hinjewadi, while some joined virtually.

Pune, Maharashtra Mar 17, 2022 ([IssueWire.com](https://www.issuewire.com)) - Opcito, a leader in DevOps, Cloud Technologies, and Solutions as a Service space, hosted its annual rewards and recognition program Ionize2022 on 7th March 2022 at Vivanta, Hinjewadi Pune. The Ionize is a day-long event to felicitate the best-performing employees and celebrate organizational success. It was the 6th edition of the event that happens every year. This time, it was hosted in a hybrid model where people joined the celebration in person and simultaneously in virtual mode.

The program started with Colwin Fernandes, CTO Opcito Technologies, addressing the employees. He thanked all the employees for their continued dedication over the last twelve months. He said that this year's awards are extra special since everyone works from home, balancing work and family. He gave positive business insights from the year and staggering numbers that Opcito achieved because of everyone's contribution.
