

Paula Bryant, LPN, a Licensed Practical Nurse with Donaldson Medical Clinic

Get to know Licensed Practical Nurse, Paula Bryant, who serves patients in Rock Springs, Wyoming.

New York City, New York Mar 3, 2022 ([IssueWire.com](https://www.issuewire.com)) - Paula is a licensed practical nurse currently serving her patients at Donaldson Medical Clinic located in Rock Springs, Wyoming. In order to provide her patients with the best care, she currently specializes in long-term care, dialysis, surgery, home health, as well as internal medicine.

To begin her career, she obtained her licensed practical nursing degree in 2007 from Southern Arkansas University.

On a more personal note, Paula attributes her success to her determination and the satisfaction of helping people.

A Licensed Practical Nurse (LPN) is on the front line of nursing, interacting directly with patients on a daily basis. They work under the supervision of doctors and RNs, performing duties such as taking vital signs, collecting lab specimens, administering medication, ensuring patient comfort, performing skills like trach care, foley care, ostomy care, wound care, G- tube care I.V. care, and reporting the status of their patients to their case managers.

LPNs are generally hired in settings such as doctors' offices, hospitals, nursing homes, home health environments, and rehabilitation centers. They must be skilled in balancing care for patients, performing skilled tasks, and completing practical daily administrative duties.
