

Refurbished OnePlus 3T Smartphone Launched in India: Light in Weight, Heavy in Power | ControlZ

Gurgaon, Haryana Apr 27, 2022 ([IssueWire.com](https://www.issuewire.com)) - Your dream of high-specification devices has now come true because **ControlZ** has launched the refurbished OnePlus 3T Smartphone in India, which is light in weight and heavy in power. This OnePlus 3T Smartphone appears in a bit more-black color than before. This midnight black edition of the OnePlus 3T makes it more attractive. There is no change in its price with the refurbishment of this amazing Smartphone. However, this edition of the OnePlus 3T mobile phone utilizes the higher-end version of the phone's specs with 128GB of storage.

The marketing team says, "OnePlus 3T Smartphone will be available in limited numbers, however, it is not disclosed how many will be. The sale of this Smartphone will be available on ControlZ and also on the OnePlus official website. At some point, the midnight black edition will be available in soft gold and grey colors on the official website. Moreover, it has the same specifications as the standard OnePlus 3T such as Snapdragon 821, fingerprint sensor, 16MP rear camera, 6GB of RAM, unlocked GSM radio with dual SIM slot, 3400mAh battery, 5.5-inch 1080p screen, and USB 2.0 Type-C connector."
