

SEO by Alex offers high - quality SEO audit and backlinks building at affordable prices

Hessen, Germany Mar 9, 2022 ([IssueWire.com](https://www.issuewire.com)) - SEO is the most important part of a business's digital marketing plan. Popular blogger and industry expert Alex is offering to boost the SEO performance of any website with his company SEO by Alex at affordable prices. The SERPs ranking of a website is determined by more than 200 Google ranking factors. With his excellent search engine optimization skills Alex helps the search engines identify the intended topic or niche of a website. He helps websites establish and maintain a credible image before the target audience with foolproof search engine optimization. He has satisfied customers from all over the world who were able to grow their business tremendously with a strong SEO backup.

SEO audit is highly important when it comes to improving the performance of a website. It is a valuable process that analyzes how well a website performs on search engines. Alex provides a quality SEO audit service where he analyzes the site and gives a full report on its SEO. He also provides answers to how to optimize on-page SEO scores. He has three packages: basic, standard, and premium. In the basic package, he audits one website in two days, three websites in three days in the standard package, and five websites in four days in the premium package.

The SEO audit reports created by Alex are highly comprehensive for all customers. The website owners are able to understand how the website is performing from the perspective of a search engine easily with the report. They will also know the roots of the issues or technical faults that have been harming the search engine ranking of the site. He works with websites of any language, but the report delivered by him is always in English. He also offers solutions to all the SEO-related issues of a website that have been discovered by the SEO audit. Businesses expect to see their websites ranking a lot better after a full SEO report and amendment.

The value of backlinks in the SEO business is undeniable. It is highly effective at making the websites rank better in search engines. Alex offers to build do-follow backlinks that help the search engines to point back at the website strengthening its authority online. He is able to make a website's user experience much better and authenticate its value to search engines by building relevant backlinks. He promises to build nearly 2500 high authority do-follow backlinks with his service. He creates 1250, 2500, and 5000 do-follow backlinks in just a few days in the basic, standard, and premium packages respectively.

Hailing from Germany, Alex is an expert SEO analyzer and blogger with eight years of experience in the field. He offers services like SEO auditing, backlink building, bookmarking, press release, contextual link building, and more at the most budget-friendly prices. He offers fast and effective delivery of orders to all his clients. To know more about the services he provides, visit him at <https://www.seobyalex.com/>.
