

Tomás Elías González Benítez: “The post-Rossi era of motorcycling begins with three Italian victories”

Migno, Vietti and Bastianini climbed to the top of the podium in Losail, in the first race of 2022

Barquisimeto, Lara Mar 7, 2022 ([IssueWire.com](https://www.issuewire.com)) - The new article, written by the journalist **Tomás Elías González Benítez**, analyzes the **first motorcycling race** of this season.

In Losail, the first MotoGP race, **without [Valentino Rossi](#)**, Italy won all three races.

Bastianini triumphed in MotoGP, **Vietti** in Moto2, **Migno** in Moto3.

The last two are the result of the **VR46 Academy**, while Enea is the consequence of **Fausto Gresini's** dream: seeing his team succeed in the top flight as an independent team, thanks also to the commitment and passion wife, Nadia Padovani.

New Italian generation in motorcycling

The first post-Valentino race started with **three Italians on top of the podium**.

Two of them come from his academy, VR46, and the other pilot is Fausto Gresini's dream come true.

“Italian motorcycling fans will soon recover from Rossi's farewell with the joys of the new generation”, indicates **Tomás Elías González Benítez**.

Andrea Migno, the winner of Moto3, beat the Spaniard, Sergio García, by 37 thousandths.

Celestino Vietti, from Moto2, is proof of how much you can grow with perseverance and method.

In MotoGP, Enea Bastianini was crowned in the premier class.

“The Italian has been postulated as a rival for Quartararo, Márquez, Bagnaia and Mir”, points out **Tomás Elías González Benítez**.

The world of Bastianini, from Giribuola to Pernet

MotoGP, a category of experience and cutting-edge technology, **winning with Ducati** was a feat for Bastianini.

“Enea, in his second year in the top category, is already a mature rider and uses both his bike and his mind”, **Tomás Elías González Benítez** thinks.

The working group led by Alberto Giribuola, **Andrea Dovizioso's chief historical engineer**, represents both the expression of Ducati's competence and the freshness and practicality of Gresini Racing

Bastianini has his family close by, his girlfriend Alice as an emotional staple and Carlo Pernet as a protective manager.

*"Bastianini's small world is his biggest base to compete", explains **Tomás Elías González Benítez**.*

Nadia Gresini, heart and passion in the name of Fausto

Nadia Padovani, the wife of Fausto Gresini, began to cry with six laps to go in the race.

*"She will not have the experience of Fausto, but she understood that it would depend on her to get on the podium to receive the award", points out **Tomás Elías González Benítez**.*

Nadia Gresini's challenge was significant: collect Fausto's legacy.

In the first race of 2022, he managed to overcome the first obstacle, thanks to directors like Carlo Merlini, a solid base of sponsor friends and talented drivers like Enea Bastianini.

*"To win in the motorcycling Champions you need to have something extra. In an environment where technology reigns, they also help the heart and passion", concludes **Tomás Elías González Benítez**.*

El Campeonato del Mundo de 2022 comienza con un **espectacular 3-0 para los italianos**.

The 2022 World Championship begins with a **spectacular 3-0 for the Italians**.

In two weeks, the championship will continue in Indonesia.
