

Windshield Store Announces 1-year Warranty on Windshield Replacement

Windshield Store has recently announced 1-year warranty on windshield replacement for all types of car models. Warranty is included for manufacturing and workmanship defects commencing from the date of invoice.

New Delhi, Delhi Mar 15, 2022 ([IssueWire.com](https://www.issuewire.com)) - Windshield Store is one of the largest automobile glass replacement and windshield repair service providers in Delhi NCR. The company has announced a one-year warranty on windshield replacement for a period of one year commencing from the date of invoice or the life of the vehicle, whichever is shorter. The offer is being made in light of the detrimental effect that summers have on the windshield glass.

Windshields are critical for the driver's and other occupants' safety in automobiles. Not only does a windshield glass add to the car's aesthetic appeal, but it also prevents passengers from being flung out during a crash. Additionally, it shields them from the elements, such as rain, debris, rocks, dust, and insects.

Speaking about the announcement, Sandeep Baliyan- CEO of Windshield Store said, "We are thrilled to announce a 1-year warranty on windshield repair specifically for our clients. We just want to let them know that we care and we are with them at every step of their windshield replacement journey so as to make sure that they get the best service at the most affordable costs."

He further added, "In addition, even though the windscreen is one of the most important components of the vehicle, many people put off having it repaired or replaced because of the cost associated with doing so. Additionally, due to adverse weather conditions or any accident, automobile owners are forced to have their windshields changed twice, putting a strain on their financial resources. We wish to help our consumers feel more at ease with our service by making their financial burdens a little lighter on their shoulders."
