

10th Annual Global Supply Chain Excellence Summit

Los Angeles, California Apr 9, 2022 (IssueWire.com) - On **August 11 and 12, 2022**, the **USC Marshall Randall R. Kendrick Global Supply Chain Institute** will host the **10th Annual Global Supply Chain Excellence Summit** at the University of Southern California campus in Los Angeles.

The Annual Global Supply Chain Excellence Summit is one of the most recognized and well-attended supply chain events. **Over two thousand Supply Chain thought leaders, innovators, and senior executives from Fortune 500 companies attended last year's event.**

This convergence creates significant learning and networking opportunities to discuss and address critical supply chain issues around the world.

This historic event will also host the **Global Supply Chain Excellence Awards**, which will recognize global supply chain champions and thought leaders who have made significant contributions to the supply chain sector.

Join and gain unprecedented networking opportunities with top business leaders and companies as well as increased visibility in front of a specific audience.
