

1,500 Pastors attended Shincheonji Church Press Conference

“We are one in God,” says Chairman Lee Man-hee of Shincheonji church. Pastors from various countries in the world who established MOUs with Shincheonji church were invited to Shincheonji's Press Conference

Melbourne, Victoria Apr 4, 2022 ([Issuewire.com](https://www.issuewire.com)) - Shincheonji Church of Jesus, the Temple of the Tabernacle of the Testimony (or Shincheonji Church) hosted a press conference on the 2nd of April with pastors from various countries in the world, who have established MOUs with Shincheonji. The online event was attended by 1,500 pastors from all over the world along with reporters and journalists on ZOOM.

Shincheonji Church of Jesus hosted this event to share the progress of the online seminars that began last year, the MOUs established thus far, along with some case examples. Mr. Kim Shin-chang, the Head of the Department of International Missions stated, “Many participants from Africa in the Bible Seminar from August last year reached out to establish MOUs with us. This led to the first MOU in September with ‘the Worship in the Presence of God Church’ in Uganda,” as he explains how Shincheonji first started to establish MOUs with other churches.

Some case examples and testimonials from pastors who established MOUs with Shincheonji were shared during the press conference.

Dongsu Kim, the head pastor of Peace Church confessed, “In the past, all I preached was that everyone must believe in Jesus and by sharing grace in this way would lead to salvation. Without fulfillment, I thought heaven was somewhere one went to after death. I thought there was resurrection after death,” expressing his incorrect beliefs about salvation.

Pastor Kim is presently teaching Shincheonji’s Revealed Word to his own congregation. He also stated, “The time has come for all the pastors to come and learn so that they may live a life of faith in the correct truth. I want to share Shincheonji’s Revealed Word with my fellow pastors. I want them to learn the Word and realize that their ideas of salvation are incorrect.”

Pastor Willifred Endohu, a pastor who has been leading his church for 11 years in Cote d’Ivoire, introduced himself stating, “I studied theology in a seminary and was trained to be a pastor through prayer meetings and began ministering a church in a very small room. Thankfully enough, 11 years later my congregation has grown to be about 500 members. I am also a lecturer at a seminary institute as well.”

Pastor Wilifred Endohu is currently learning Lesson 16 of the Introductory Level in Shincheonji’s Zion Mission Center. “My thoughts and knowledge about the Bible have been broken and are changing through the lessons I’ve been learning in Shincheonji. Jesus and the Word that has become flesh have struck a chord in my heart. I also want to preach the Revealed Word after I’m done studying. I want to share this Word to the people in my congregation that have been following me for the last 8 years,” he stated, showing his aspirations upon completing the courses in Shincheonji.

He also added, “I want to express how thankful I am to the Chairman because that’s how I could receive the Revealed Word from God. He could not have taught such a profound Word if he had not met God and Jesus. I want to tell my fellow pastors that what I have seen and verified is that all the answers are in the Bible and Shincheonji is testifying those answers according to the Bible. Please come and check for yourselves.”

Chairman Lee spoke about how he has come to share the Word and the role of pastors today.

“Revelation is about re-creation. If you look at Revelation 21, the first heaven and the first earth pass away and a new heaven and new earth are created. It is about creating people and all creation again,” Chairman Lee stated, explaining that those who are born of God’s seed are harvested and sealed to create God’s new kingdom and new people at the time of Revelation.

He also added, “Writing the word of all the chapters of Revelation in people’s hearts is harvesting, sealing, and nurturing those who have been born of God’s seed and making them into the citizens of God’s kingdom. [This is why] Jesus showed me the events of all the chapters of Revelation and commanded me to testify to all the churches,” as he explained the role of the promised pastor today.

In his concluding remarks, Chairman Lee stated, “We must become freedom fighters of God’s kingdom that restore what God lost. Let’s fight and overcome the devil with the blood of Jesus and the word of testimony and create the people of God’s kingdom so that God may finally come and reign over the world after 6000 years. This is what [God] has made known to us through the Bible. I hope that everyone engraves the words of all the chapters of Revelation—which is the law of heaven—in their hearts. There is only one God, one Bible, and one hope. We, as those who believe in God, are also one. We are one!”

Some case examples of establishing MOUs were also shared. A church called, The Early Church of the New Era, in the United States of America, has invited an instructor from Shincheonji, where some 100 members of the church are learning the teachings of the Shincheonji Church of Jesus. After completing the Bible courses from Shincheonji Church of Jesus, a Filipino pastor is teaching his congregation as well. A seminary school in Pakistan has opened up courses in the institution after its dean established MOU with Shincheonji.

According to Shincheonji Church of Jesus, 2155 pastors, 22 seminary schools, and 958 churches in 67 countries have established MOUs with them. Shincheonji Church of Jesus is providing theology materials and instructors for the churches and seminary schools that have made MOUs with them to educate people about the Bible as mutually decided upon in the agreement.
