

Ananth Srinivasan, MD, MBBS, a Transplant Surgeon at INTEGRIS Nazih Zuhdi Transplant Institute

Get to know Transplant Surgeon Dr. Ananth Srinivasan, who serves patients in Oklahoma City, Oklahoma.

New York City, New York Apr 5, 2022 ([Issuewire.com](https://www.issuewire.com)) - A highly trained transplant surgeon, Dr. Srinivasan sees patients within the Liver Transplant Division at the INTEGRIS Nazih Zuhdi Transplant Institute in Oklahoma City, Oklahoma. His field of surgical expertise includes transplantation of liver, kidney, and pancreas. He also performs complex abdominal operations on the liver, pancreas, and biliary tract. This includes surgeries for both benign and malignant conditions.

The INTEGRIS Nazih Zuhdi Transplant Institute in Oklahoma City has assembled a team of some of the best organ transplant surgeons in the region, including specialists in heart transplants, kidney transplants, lung transplants, liver transplants, pancreas transplants, and advanced endoscopy and pancreaticobiliary surgery. The institute also benefits from a dedicated organ transplant intensive care unit with highly-skilled, full-time critical care specialists and nurses.

Born and raised in Chennai, India, he completed his medical education at the Madras Medical College, one of the oldest and most reputed institutions in Asia. After relocating to the United States, he went on to complete his residency in general surgery at Creighton University. There, he developed an interest in transplantation and complex hepato-pancreato-biliary (HPB) surgery and went on to specialize in the same at Mayo Clinic in Scottsdale.

Passionate about his profession, the doctor is board-certified in general surgery and transplant surgery by the American Board of Surgery (ABS). The ABS is an independent, non-profit organization located in Philadelphia, Pennsylvania, founded for the purpose of certifying surgeons who have met a defined standard of education, training, and knowledge.

Holding membership status, Dr. Srinivasan is an active member of the American College of Surgeons and the American Society of Transplant Surgeons.

Transplant surgery refers to surgical procedures in which tissue or an organ is transferred from one area of a person's body to another area, or from one person (the donor) to another person (the recipient).
