

Bela Hygienist To Become Director of Hygiene

Company Recognizes Extraordinary Skills and Patient Rapport

Lexington, South Carolina Apr 18, 2022 ([IssueWire.com](https://www.issuewire.com)) - Bela Family Dentistry is pleased to announce that Sara Bolton, of the company's Sandhills office, has been named Bela's Director of Hygiene. She is being recognized for her extensive experience as a hygienist, as well as her passion for helping patients receive exceptional dentistry.

Because dental practices rely heavily upon the hygienist, who performs multiple roles beyond teeth cleaning, including periodontal therapy, patient outreach, and office management, Sara will be an immense asset to Bela hygienists and other team members in this new role.

"Bela is blessed with a phenomenal group of hygienists," says Dr. Matthew Cook, DMD, president of Bela Family Dentistry. "And we are excited to create an environment where greater collaboration and support can flourish. Sara will be instrumental in helping Bela achieve this."

Serving South Carolina and Georgia, Bela Family Dentistry has been offering friendly, personalized, high-quality dental care since 2009. With nine state-of-the-art dental offices, the practices offer a warm, inviting atmosphere along with the latest technology and dental expertise.

Bela Family Dentistry provides a full range of general and cosmetic dental services.
