

## Besides XGIMI Horizon Pro , what other 4k projectors are available?

Dangbei, a famous Chinese brand on the same level as XGIMI, released a new high-end projector-Dangbei Mars Pro 4K Laser Projector. As the global production of Dangbei, Dangbei Mars Pro is equipped with the highest configuration.

**Unalaska, Alaska Apr 24, 2022 ([Issuewire.com](http://Issuewire.com))** - Dangbei, a formidable competitor of XGIMI in terms of projectors, has introduced a new 4K laser projector [Dangbei Mars Pro](#) for the US market.

Dangbei Mars Pro adopts fascinating bright black as the main color, full of futuristic style. The brand logo and 4K mark can be seen on the front panel of the projector.

In terms of brightness, Dangbei Mars Pro has 3,200 ANSI lumens brightness, whose images are sharp enough. With native 4K resolution, the projector can show clear images. It supports HDR 10, HLG, MEMC, and intelligent obstacle avoidance, which makes the image much more exquisite.

It is worthy to note that the Maximum projection size of Mars Pro is up to 300inches. You needn't get up- just use the remote control to find the right size for your home. The screen size will give you a cinematic feel.

The 4k laser projector is powered by Android 9.0, enabling users to browse more content. In addition, its built-in 4G RAM and 128G ROM ensure a smooth operation and large memory. The 128G of internal

memory makes it more distinctive and cost-effective among projectors in the same price range.

Dangbei Mars Pro is now available on [Dangbei's official website](#) for \$1799.
